General Tree Care Objective Definitions

Clearance Prune

Remove or subordinate any branches that interfere with pedestrians, buildings or infrastructure (i.e. street signs etc). Recommended clearances are sidewalks (8'), streets (14'), side of buildings (3') and above roofs (6').

Crown Clean

Pruning to maintain health of the tree, including removal of dead, diseased, damaged and rubbing branches

Palm Prune

Removal of any fronds hanging below 180 degrees (i.e. 9/3 on a clock). Also includes removal of any dead fronds, flower stalks or seed pods within the canopy.

Removal

Complete removal of tree. The stump will be cut <6" to grade. (Please note that the stump will be cut as low as possible without putting the chain saw bar into the ground).

Removal and Grind

Complete removal of tree. Once tree has been removed the stump will be grinded to the level that the wheel head on the grinder can reach (typically 8-12" below grade). Please note that stump grinding doesn't include grinding of surface roots, unless specified.

Terms and Conditions for Tree Care Services

1. Performance by Company:

Work crews shall arrive at the job site unannounced unless otherwise noted herein. The Company shall attempt to meet all performance dates, but shall not be liable for damages due to delays from inclement weather or other causes beyond our control.

2. Workmanship:

All work will be performed in a professional manner by experienced personnel outfitted with the appropriate tools and equipment to complete the job properly. Unless otherwise indicated herein, The Company will remove wood, brush and debris incidental to the work.

3. Insurance:

The Company is insured for liability resulting from injury to persons or property, and all its employees are covered by Workers Compensation Insurance.

4. Ownership:

The customer warrants that all trees, plant material and property upon which work is to be performed are either owned by him/her or that permission for the work has been obtained from the owner.

The Company is to be held harmless from all claims for damages resulting from the customer's failure to obtain such permission.

5. Limitations:

The customer must identify all non- public utilities. The Company assumes no responsibility for the location of or damage to underground utilities not clearly marked by the customer prior to commencement of site services. Stump grinding and removals as proposed will occur where public utilities allow.

6. Terms of Payment:

All accounts are net payable upon receipt of invoice. A service charge of 1.5% will be added to accounts not fully paid 30 days subsequent to the invoice date. If outside assistance is used to collect the account, the customer is responsible for all costs associated with the collection, including, but not limited to, attorney fees and court costs.
